IF I COULD SAVE WINE IN A BOTTLE . . .

. . . the first thing that I’d like to do is save it in a large format bottle . . . like in a 6L from Lamborn Family Vineyards. Wine ages as air moves in and out of the cork, interacting with the flavor components of a wine. With large format bottles, you’ve got the same surface area for air transfer, that tiny cork, but a much larger volume of wine. The result is that these bottles age at half the speed of their 750ml counterparts.

Plus, go ahead and leave that 6L in the cellar and let it age, because wine is included with your Dinner for six at FARM at Carneros.

HOWELL MOUNTAIN MAGNUM WINE GETAWAY FOR 8 ADULT GUESTS

Turley Wine Cellars’ paradise in the hills above the Napa Valley’s Wine Country is the perfect three-night retreat for every group. Until now, it has been used as a family retreat and has housed winery events. The huge front deck overlooks the entire Napa Valley, reaching as far as Mount Diablo on especially clear days.

Situated on a working vineyard, the 40-acre property stays warm in the evenings, allowing you to enjoy the beautiful pool and grill late into the evenings. You have access to miles and miles of hiking trails and will most likely never see another person for hours!

There is an organic garden with fresh herbs and flowers. A true chefs’ kitchen with an 8-burner range and two ovens makes cooking easy and accessible, the way it should be. Secluded, but truly only 20 minutes into St. Helena.

We have decided not to allow children as the pool is not enclosed by a fence and the front deck railing has some large gaps. Thanks for your understanding!
